

# aACE Business Suite

The settings listed below are used for testing charge card transaction in aACE. To set up test mode, navigate to **System Admin > aACE Preferences > Credit Card Setup**. Check the **Credit Card Integration** and **Test Mode** checkboxes and insert the settings listed below.

## Credit Card Setup screen in aACE Preferences

**Company Preferences**  
My aACE

**Financial Preferences**  
Order Management  
Fulfillment  
Accounting  
Accounting Setup  
Period Management

**System Preferences**  
Email Setup  
Courier Setup  
**Credit Card Setup**  
Automation Schedules  
Menu Options  
Database Management

**Credit Card Integration**

**Test Mode**

Note: Some clients receive two terminals, one for retail operations and a second for telephone orders. In such cases enter both terminals below. If that does not apply to you be sure to leave the inapplicable terminal blank.

**X-Charge Setup**

After receiving X-Charge credentials from Accelerated Payment Technologies enter your X-Web ID here.

X-Web ID  
800000001468

If you have been set up for retail transactions (i.e. Market Type of "RETAIL") enter your Retail Terminal ID and Retail Authentication Key here.

Retail Authentication Key  
VAyrubj8m1aDOIARJ7eOzmdShJGVI3mT

Retail Terminal ID  
80021645 [Test](#)

If you have been set up for mail order/telephone order or e-commerce transactions (i.e. Market Type of "MOTO" or "ECOMMERCE") enter your Terminal ID and Authentication Key here.

Other Authentication Key  
vh5JeEooLevfGB6kqEhjhRsEZNqhWU0r

Other Terminal ID  
80021646

Market Type  
MOTO [Test](#)

Duplicate Mode determines whether an error will be returned if the same credit card is charged for the same amount within a 15 minute time frame. Set ON to prevent accidental duplicate transactions.

Duplicate Mode  
On

Authorize credit card when order opened. Credit card will be charged when the receipt is processed.

Sample X-Charge document:

**X-Web Account ID:**

X-Web ID: #####

Authkey: Alphanumeric, case sensitive

Terminal ID: #####

Market Type: RETAIL, MOTO, or ECOMMERCE

**Test Mode Settings:** (use copy and paste for easy input)

### Retail Test Account

**XWeb ID = 800000001468**

**XWeb Auth Key = VAyrubj8m1aDOIARJ7eOzmdShJGVI3mT**

**Terminal ID = 80021645**

### MOTO Test Account

**XWeb ID = 800000001468**

**Retail Authorization Key = vh5JeEooLevfGB6kqEhjhRsEZNqhWU0r**
